

Object Fingerprint — capture mat

Print at 100% / actual size on US Letter (turn OFF 'fit to page').

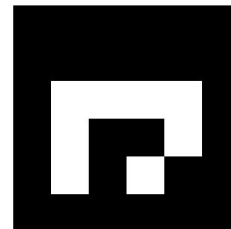

30 mm markers, corner spacing 155 x 127 mm -> true scale, camera pose, auto-crop.

Even light, dim surroundings; clip-on polarizer + a backlit pass help glass.

Fill the gray area with the piece, keep all 4 markers in frame, orbit slowly at 2-3 heights.
